

To Whom It May Concern:

This letter is in reference to the work that was completed by McLean Construction and the build out of Illumination Spa in Osoyoos B.C. Len McLean, company president and owner was a pleasure to work with and easily implemented all the décor ideas that I had requested in order to make my spa a luxury day spa. Mr. McLean completed all construction on time and all work was to the highest of standards. He also was highly flexible and able to change schedules if a trade did not show up or was late to ensure we did not get behind in our schedule. All work was completed under budget and the quality of work was outstanding.

I highly recommend McLean Construction and would use Mr. McLean's service again if that potential arises in the future.

If you have any questions or concerns please feel free to contact me at your earliest convenience.

Best regards,

Gillian Clark
Owner, Illumination Spa
